

Dear Adam Tekeli,

We would just like to thank you the team at Boran Real Estate for your determination, dedication and exceptional service in successfully negotiating the sale of our property (not so easy to sell which we had less than two months to be sold to able to move overseas) in an exceptionally tough real estate market.

The Boran Team put in 100% effort, they kept us constantly updated and informed throughout the whole process and were always confident of getting us the top result. When we were not in the mood to smile you kept asking us to smile, so made us smile. We had listed our property with other agent previously, after being with them we did not even get an offer. As soon as we switched to Boran Real Estate, things started happening, you sold our house and the only payment was your reasonable agent's fee, which in this case you earned every cent of it.

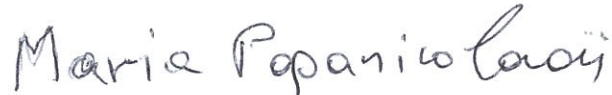

We would like to thank once again, many thanks for a job well done you and all the staff at Boran Real Estate. Now we could go and live in our dream land with peace of mind.

Best Regards,

Andreas Papanicolaou
